## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-7 are allowed.

With respect to claims 1 and 6, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "hydraulic cylinders extending from the opposed pneumatic cylinders, respectively; hydraulic plungers slideable in the hydraulic cylinders, respectively, the hydraulic plungers being fixed to the two pneumatic pistons, respectively", in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1 line 14 insert --pneumatic-- before "cylinders" and after "opposed".

Art Unit: 3746

This change has been made in order to clarify that the opposed cylinder is a pneumatic cylinder. See claim 6 line 14 which claims this same subject matter "opposed pneumatic cylinders".
